Dear Prospective MCC Parent,

I would personally like to take this opportunity to thank you for considering our center for your child. We at MCC know and understand that family, and more specifically children, are among the most valuable things in life. Both myself, and our entire faculty, eagerly look forward to the opportunity to earn your trust.

Tuition and school fees are a fact of private education. However, we here at MCC South Riding understand that every circumstance and child is unique. As such, we like to avoid following a policy driven by a mindset of prices being set arbitrarily, without regard for the specifics or the *individuals* involved. Rather, we prefer to take an approach which, first and foremost, ensures that both our center faculty and you as a prospective MCC parent, agree that our center and curriculum will be good fit for everyone. Following this, an administrator at our center will be glad to sit down with you and develop a fee schedule, detailing exactly what tuition and school fees will be. MCC South Riding regularly runs enrollment incentive programs, and in your final meeting with a school administrator, any incentive specials that are available will be applied.

MCC South Riding is open from 7:00 a.m. to 6:30 p.m. Currently, we offer both 3 day a week and 5 day a week programs for the following age groups:

- **Toddler Age Group (12 Months - 3 Years)**
- **Primary Age Group (3 Years - 5 Years) * Fully Potty Trained**
- **Before & After Care (5 Years - 8 Years) * Full Service Transportation Available**

Thank you for considering MCC South Riding.

Best,

A. Mustaq Hamza
President, MCC South Riding
